My dear Sir;-

Recently in looking over some old coins I came across the cent of "1807" which is valued at twenty-six dollars in Evans History of the U.S. Mint. Hearing that the Mint sometimes buys old coins I write you this letter to ask if I send you the coin for inspection will you make me a bid on it? - it is in very good condition, all of the parts being clear & distinguishable.

Hoping to receive a favorable reply, I am, with respect,
Yours very truly,
